6 May 1987

MEMORANDUM FOR: Chief, Site Security, NBPO/OL

FROM:

Chief, New Building Project Office, OL

SUBJECT: Letter of Appreciation

1. I want to commend you, your staff security officers, and your security monitors for their performance on 27 April 1987. The conspicuous display of personal dedication in getting to the compound early and processing people in quickly and safely is sincerely appreciated by all members of New Building Project Office (NBPO), the General Services Administration, and the contractors. Moreover, it is a fine example of the concern your staff continues to demonstrate for our construction project. And, it characterizes what I believe makes the Agency "different." We care about what we are doing and how we do it!

3. Please convey my personal appreciation to all personnel who were here on 27 April.
